

## The Works of the Apostles

*(According to the Word found in Acts Chapter 20: 20-35)*

Outside of the miracle workings such as healing the sick, casting out demons, raising the dead, I believe there are nine other duties given an apostle for the working of that office.

Apostle Paul, being a diligent worker and a provider himself, testified of the work he did for the Body of believers to show them a more excellent way. In the Book of Acts, chapter 20 starting at verse 20, Paul speaks to the Elders of the church in Ephesus words to exhort them to stay true to the works of Christ and to guard against false teachings.

As I was studying this passage out, I was made aware by the Holy Spirit the works required of every apostle and to focus my energies on these things according to the grace afforded me.

1. To teach publicly
2. Preach and minister house to house
3. Preach to the believer and unbeliever – repentance towards God
4. Preach faith towards Jesus Christ
5. Witness in every city trusting the Holy Spirit
6. Testifying always of the Lord's abundant grace
7. Preaching always the Kingdom of God
8. Teaching all truths and the counsel of God
9. To train the Elders and Shepherds to watch diligently over the flock of Christ by the Holy Spirit
10. Warn against false teachers
11. Not to be covetousness of others silver or gold
12. Teaching on the ministry and support of those who are weak
